LETTER OF SUPPORT

I am writing to express my support for Brian Montgomery's *The Play*, which seeks to bring a theatre project and future media opportunities to our areas schools, in order to give students the opportunity to express themselves and confront complex issues in an alternative environment, while also providing the experience of working in a theatrical setting.

I have supported Brian's previous projects, including *The Hay Patrollers*, *The Housing Project* and his *Unit 80 Action plan*.

*The Play* focuses on many pressing and relevant issues facing modern students, such as mental health struggles, cyberbullying, discrimination, and building resilience. Not only does it provide an outlet for students to act in roles surrounding these issues, but also increases awareness around them generally.

I would like to express my support once again for *The Play*, and wish Brian and his project every success in the future.

Yours Sincerely,

**JOHN QUIGLEY LLB JP MLA**
