Subject: Strong Support for THE PLAY Grant

Dear Mr. Montgomery,

I am thrilled to express my strong support for THE PLAY, your groundbreaking school musical that promises to revolutionise the youth arts and culture scene! As a passionate advocate for the arts in education, I am deeply impressed by the vision and commitment behind this program. It not only entertains but also bravely addresses the vital issues that young people face today.

THE PLAY offers a powerful platform for students to share their journeys, feelings, and dreams. Its themes of self-discovery, strength, and teamwork resonate not just in Western Australia, but with youth across the country and beyond. By creating a sense of togetherness and acceptance, this musical empowers students to find their voices and connect with one another.

I truly support the idea that local and federal governments should back this essential project. The influence of THE PLAY on young people is profound, providing a meaningful opportunity for self-expression and creativity while addressing important social issues. It encourages students to immerse themselves in the performing arts in a way that is both transformative and motivating.

By introducing THE PLAY to schools, we have the chance to nurture the future wave of creators, visionaries, and innovators. Your dedication to youth engagement through the arts is admirable, and I am confident that this project deserves the funding it needs to flourish.

Thank you for your dedication and insight in bringing THE PLAY to fruition. I am eager to witness the uplifting developments it will generate in our schools and communities!

Warm regards,

M.Strumpher
